To the National Congress of State Games Board of Directors:

On behalf of Liberty University and the City of Lynchburg, I am happy to present the following bid document to host the 2019 and 2021 State Games of America in the Greater Lynchburg Virginia region.

The Greater Lynchburg region has experienced growth over the past decade in its sports infrastructure and hosts a number of large events ranging from State High School championships to some of the largest indoor track meets on the East Coast, and has recently been chosen to host the Virginia Commonwealth Games at Liberty University. Lynchburg, named a Runner Friendly Community, hosts the Virginia 10 Miler as well as some of the most popular mountain races in the country.

In addition to Greater Lynchburg sports infrastructure, bringing the Games to the southeast for the first time would provide access to a large population base within driving distance.

The Greater Lynchburg area has the resources, personnel, and the commitment to host the State Games of America along with promoting the principles of amateur athletics championed by the National Congress of State Games.

The enclosed bid package is the product of a collaborative effort between local government and the private sector, all of which are committed to the success of this event.

We thank you for your consideration and hope to have you here soon for a site visit to see for yourself what makes the Greater Lynchburg area a great location for this event.

Sincerely,

S. Lee Beaumont

Dear Kevin,

Virginia Amateur Sports would like to take this opportunity to support Liberty University in their bid to secure the 2019 and 2021 State Games of America (SGA). As you know, Liberty University has become the title sponsor of the Commonwealth Games, now officially known as the Virginia Commonwealth Games at Liberty University starting this year with a contract through 2020.

In the short period of time we have had to work with Liberty University, we have found an excellent supportive and creative team of individuals that have the same goal as all of our NCSG members do: To provide a quality competition, an exciting opening ceremonies, additional ancillary events and so much more for the athletes and their families in 2016 and beyond.

We have established a Local Organizing Committee (LOC) and they are true professionals who are willing to put in the time to raise the funds needed to ensure a successful event and to provide all their resources they have available to take the SGA to a new milestone of success. The commitment, facilities and dollars will be available and 3 years of experience of hosting, organizing and running the Virginia Commonwealth Games at Liberty University will only make them stronger. With the support of the city of Lynchburg and the surrounding counties, the synergy and excitement of hosting a State Games of America event will increase exponentially.

Virginia Amateur Sports will be a partner in this joint effort to bring the 2019 and/or 2021 SGA to Liberty University and the city of Lynchburg by combining our Games.

Sincerely,
Virginia Amateur Sports

LIBERTY UNIVERSITY

National State Games of America
C/O Kevin Cummings
55 Sixth Rd
Woburn, MA 01801

To the National Congress of State Games Board of Directors:

In the beginning of Liberty University, the late Dr. Jerry Falwell, envisioned a state-of-the-art medical education facility where Liberty champions (physicians) would be trained and dedicate themselves in providing quality health care locally and across the globe. Now in its second year of operation with two classes enrolled and currently recruiting for the third, Liberty University College of Osteopathic Medicine (LUCOM) is that vision made a reality.

As Liberty University bids for the opportunity to host the 2019 and 2021 State Games of America in the Greater Lynchburg Virginia Region, it is my privilege to state that LUCOM faculty and student-doctors are a highly qualified community of professionals that are poised to provide medical support for this event and the amateur athletes from across the country that will participate.

Having been a part of medical advocacy and medical education for over 40 years, I understand the scope of such a request to have in place quality medical personnel for such an event and the level of expertise required. We believe that to enter the practice of medicine requires demonstrations of one's servant heart and incorporation of the principles of patient-centered care and wellness into the care of the patient that such an event would provide for our students and faculty alike. LUCOM, its professional faculty, and student-doctors embrace this philosophy and support the purpose of the games in developing healthy lifestyles among the participants and advancing an emphasis among the public on the body's inherent ability for wellness.

On behalf of Liberty University College of Osteopathic Medicine, please accept this letter of support for LU hosting this premier national sports festival.

Sincerely,

Ronnie B. Martin, D.O., FACOFP-dist
Dean, Liberty University College of Osteopathic Medicine

EXPERIENCE HOSTING LARGE EVENTS

Liberty University hosts a number of large-scale events, athletic and non-athletic on an annual basis. The largest event is graduation, which hosts more than 38,500 people across the entire campus with the main graduation ceremony in Williams Stadium (proposed opening ceremonies venue).

Liberty hosts nine other high school graduations and one community college graduation ceremony. These events normally draw around 6,000 participants for each event.

The American Association of Christian Counselors (AACC) has held its Ignite Men's Conference in the Vines Center on a March weekend for the last six years. It averages 10,000 men for this conference in the Vines Center with workshops in DeMoss Hall. This is the largest conference held on campus.

Liberty University has recently been selected to be the host site for the 2016-2020 Virginia Commonwealth Games at Liberty University. 7,000–8,000 athletes are expected on campus throughout 2016, and a grand total of 10,000+ competing in 2016. This event features an Olympic Village feel and offers dorm rooms and meal plans for participants.

Between NCAA and Club Sports, Liberty hosts more than 320 home athletic events a year, ranging from 23,000 at football games to a few hundred at Club Sports events.

Liberty hosts a number of Virginia High School League events on our campus:

- In April, the VHSL Debate Tournament is in DeMoss Hall. This event brings about 400 debaters to campus.
- The VHSL Spring Jubilee, which is comprised of championship baseball, softball, tennis, soccer (girls and boys) and lacrosse (boys and girls), brings all the top prep athletes and teams to our campus over a three-day period in June. Approximately 5,000 participants and their families attend these events.
- LU also hosts VHSL championship football games and three divisional indoor track championships.
 - The football games average 5,000-7,000 attendees
 - Approximately 5,000 participants compete during the three days of indoor track championships
- This semester (Spring 2016), Liberty University is hosting 22 external indoor track meets, including three VHSL events, area high school meets, and divisional meets.

The HSPN Homeschool Basketball Tournament is hosted on campus annually. This event uses every basketball court on campus and averages 80 teams. This year (2016) we will have 108 teams registered for the week-long basketball tournament. This event brings more than 2,000 participants and their families to the campus.

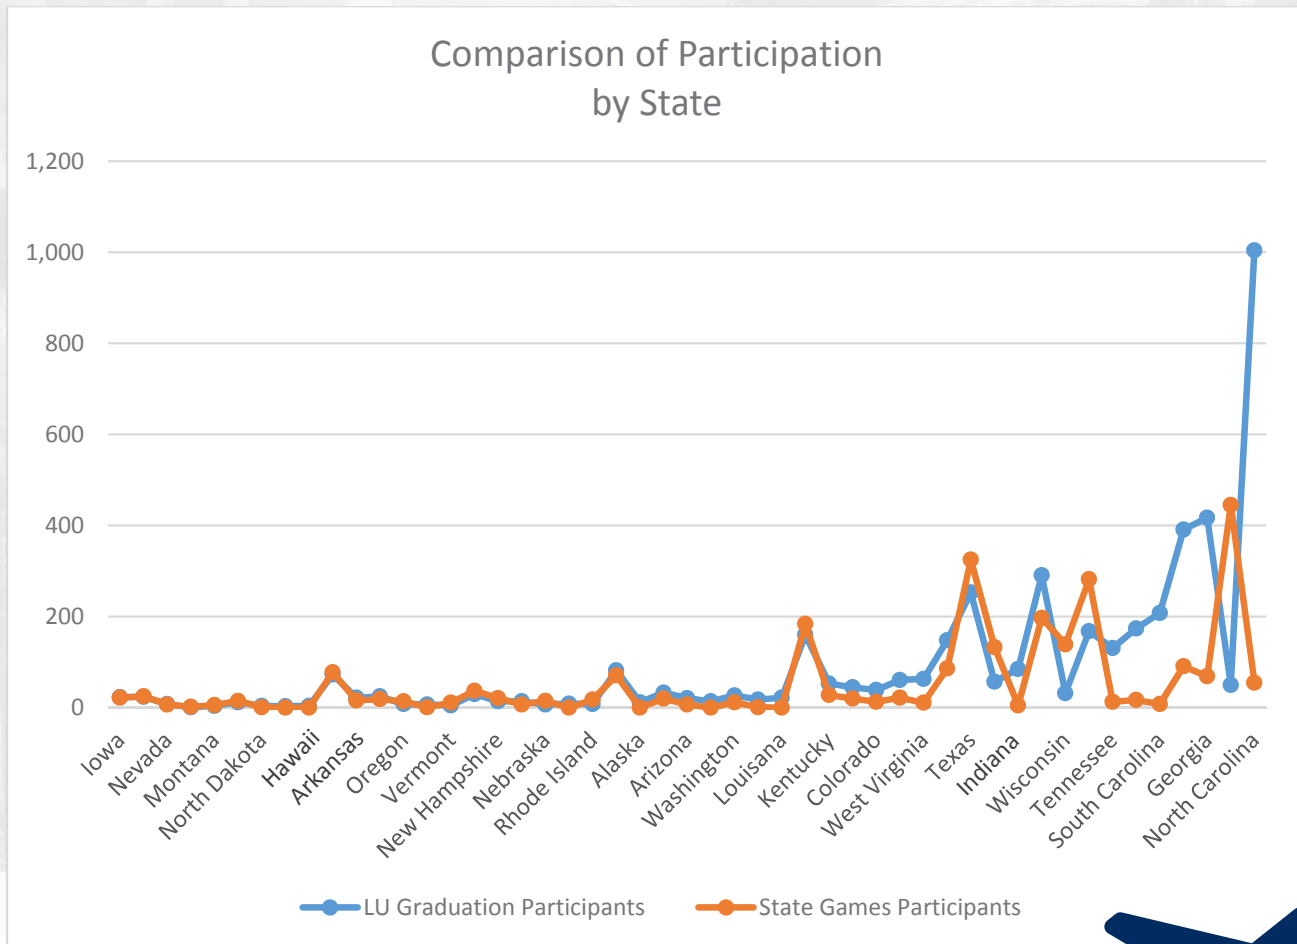

The Virginia High School Coaches Association has held its annual all-star games on our campus for the past two years. These events bring the top athletes in soccer, softball, baseball, football, volleyball and cheerleading to our campus for a week to practice in our athletic facilities and to have all-star games. We also host coaches conferences that bring in guest speakers and feature lectures by famous coaches from around the world in our main academic building.

Liberty University also hosts an indoor soccer league, which brings in approximately 3,000 total (participants and families) over weekends during the indoor season.

Liberty University also has the ability to video stream live games from most of its facilities through the Liberty Flames Sports Network. Venues such as the Vines Center (Basketball/Volleyball/Wrestling), the Ice Center (Hockey/Skating), Williams Stadium (Football), and the Campus East Athletic Complex (Field Hockey/Lacrosse).

DETAILED TRANSPORTATION PLAN

DETAILED TRANSPORTATION PLAN

SECTION 3

Liberty possesses its own bus fleet and partners with the local transit company – GLTC. Collectively Liberty runs 42,000 hours of service annually. Support for the Commonwealth Games was recently written into the Liberty- GLTC contract.

<http://www.gltconline.com/>

Beyond the on-campus routes it is difficult to plan detailed routes to venues around town until it is known exactly what locations will be used and when.

For figure skating the Liberty Motor Coaches would be available and the travel time to each location is:

- The Berglund Center is a 1 hour and 20 min ride by Bus
- The Main Street Arena is a 1 Hour and 30 min Ride by Bus
